A modern interior space featuring a large, vaulted wooden ceiling. The room has floor-to-ceiling windows on the left side, offering a view of a lush garden with large green plants and trees. In the center, there is a black sofa with a wooden frame and a small round wooden side table. A black coffee table sits on a patterned rug. To the right, a dark glass partition separates the living area from another room. The overall design is minimalist and emphasizes natural light and views.
